Project Summary

Please provide a short summary of your project. Please be aware that this section (or parts of it) may be used by the European Commission, Executive Agency or National Agencies in their publications. It will also feed the Erasmus+ Project Results Platform.

Be concise and clear and mention at least the following elements: context/background of project; objectives of your project; number and profile of participants; description of activities; methodology to be used in carrying out the project; a short description of the results and impact envisaged and finally the potential longer-term benefits. The summary will be publicly available in case your project is awarded.

In view of further publication on the Erasmus+ Project Results Platform, please also be aware that a comprehensive public summary of project results will be requested at report stage(s). Final payment provisions in the contract will be linked to the availability of such summary.

Objectives: What do you want to achieve by implementing the project?

SACRED aims to create an E-Learning Platform for healthcare students and professionals, focusing on the care of older adults with dementia and/or various types of disabilities. The project leverages digital tools to provide accessible, comprehensive education, preparing caregivers across Europe with best practices and evidence-based knowledge for immediate and long-term improvements in elderly care.

Implementation: What activities are you going to implement?

We will implement the following main activities:
- Kick-off meeting in Rotterdam
- Developing an E-Learning Platform
- 6 pilot sites testing E-Learning
- Connecting & aligning all stakeholders involved in the education and care for older adults with dementia or disabilities
- Final conference in Brussels to disseminate all the project results

Results: What project results and other outcomes do you expect your project to have?

Sacred will develop and implement 4 main project outputs which contributes to the project objective:
1. Report of the evidence based interventions/good practices, Report of the Needs Assessment and a report of the GAP Analysis
2. Database of ~20 good practices from the 6 pilot sites.
3. A co-created E-Learning Platform, tested by 96 learners
4. An comprehensive awareness campaign
